To Whomsoever it Concerns:

I'm a citizen of the United States "by choice" and not by birth. While there are plenty of reasons I can cite for making this choice, one thing that really seems unfair to me is the way the entire Microsoft Antitrust trial has played out. I hope the proposed settlement is amended for stricter restrictions on Microsoft since I believe that Microsoft will take full advantage of the current 'slap on the wrist' settlement and gobble up any competition.

And yes, I'm sending this email using MS Outlook, however, if I had a "choice" I would use a more secure mail application.

Thank You.
